

Medication**Skin disease****©2000, Derm Facts**

β-adrenergic blockers	alopecia, eczema, lichenoid, LE, pityriasiform, pruritus, pseudolymphoma, psoriasis, Raynaud's d., xerostomia
α-adrenergics	xerostomia
13-cis-retinoic acid	erythema nodosum
2,4,5-trichlorophenol	porphyria cutanea tarda
6-methylcoumarin	photoallergic drug reaction
8-methoxypsoralen	onycholysis
ACE inhibitors	lichenoid, pseudolymphoma, psoriasis, urticaria
acetaminophen	fixed drug eruption, pustular eruption
acetazolamide	hypertrichosis
acetylsalicylic acid	erythroderma, fixed drug eruption, nail bed purpura, pityriasiform, psoriasis, urticaria
ACTH	acneiform eruption, hirsutism, brown pigmentation, hirsutism, hyperpigmentation, pigmentation (brown), urticaria
actinomycin D	acneiform eruption, hair hyperpigmentation
acyclovir	pruritus
adriamycin	onycholysis, nail pigmentation
alcohol	Raynaud's s., PCT, spider nevus, rosacea
aldactone	SCLE
aldosterone antagonists	xerostomia
alizapride	flushing
alkylating agents	anagen effluvium
allopurinol	alopecia, EM, exanthematous eruption, exfoliative dermatitis, ichthyosiform, LE, pruritus, rash, TEN, vasculitis (leukocytoclastic)
all-trans-retinoic acid	Sweet's s.
amantadine	livedo reticularis
amidopyrine	erythema nodosum
aminocamptothecin	alopecia
aminogluthethimide	capillaritis, LE, psoriasis (pustular)
aminopenicillins	erythema multiforme
aminophylline	eczema, rosacea
aminosalicylic acid	cutaneous small vessel vasculitis, fixed drug eruption, lichenoid, vasculitis (leukocytoclastic)
amiodarone	hyperpigmentation (dermal), linear IgA d., photoallergic drug reaction, photosensitivity, phototoxic drug eruption, pigmentation (slate blue), pruritus
amoxapine	acneiform eruption, TEN, vesiculobullous
amoxicillin	bullous pemphigoid, intertrigo, pustular eruption
amphetamines	Raynaud's d.
amphotericin	exanthematous eruption, nail color change (yellow)
ampicillin	exanthematous eruption, fixed drug eruption, Henoch-Schönlein purpura, linear IgA d., pemphigoid, pemphigus foliaceus, pruritus, psoriasis, pustular eruption, rash (morbilliform), TEN, vasculitis
amsacrine	alopecia, stomatitis, urticaria
amyl nitrite	flushing, rosacea
anabolic steroids	acne, hypertrichosis, pruritus
androgens	acneiform eruption, porphyria cutanea tarda
anthracene	phototoxic drug eruption
antibiotics	eczema
anticholinergics	xerostomia
anticoagulants	alopecia
anticonvulsants	fixed drug eruption, pellagra-like, pseudolymphoma, purpura
antidepressants	pellagra-like, photoallergic drug reaction, photosensitivity, pseudolymphoma

antifungals	fixed drug eruption, photoallergic drug reaction
antihistamines	eczema, pseudolymphoma, xerostomia
anti-hypertensives	xerostomia
anti-influenza vaccines	cutaneous small vessel vasculitis
antimalarials	fixed drug eruption, hyperpigmentation (dermal), lichenoid, nail discoloration (blue), ochronosis, photoallergic drug reaction, pruritus, psoriasis
antimetabolites	anagen effluvium
anti-Parkinson	xerostomia
antipsychotics	lichenoid
antithyroid drugs	alopecia
anti-tuberculous	lichenoid, TEN
argyria	nail color change (blue), pigmentation (slate blue)
arsenic	arsenic keratoses, BCC, Bowen's d., bullous eruption, cancer (lung), eczema, exfoliative dermatitis, fixed drug eruption, hyperpigmentation (dermal), lichenoid, lung cancer, nail color change (blue), pigmentation (brown), pityriasiform, psoriasis, Raynaud's d., seborrheic dermatitis, SCC, transverse nail lines, vesiculobullous
asparaginase	flushing, TEN, urticaria
aspirin	dermatomyositis-like, fixed drug eruption, histamine release, petechiae, pruritus, purpura, rash (morbilliform), Reye's s., TEN
astazolamide	hirsutism
atropine	delusion of parasitosis, exanthematous eruption
azathioprine	acneiform eruption
AZT	melanonychia
aztreonam	exfoliative dermatitis
barbiturates	bullous eruptions, EM, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, pityriasiform, purpura, rash, rash (morbilliform), TEN, ulcer, urticaria, vesiculobullous
benoxaprofen	phototoxic drug eruption
benzoate	purpura, urticaria
benzodiazepines	exanthematous eruption, fixed drug eruption, photoallergic drug reaction, pseudolymphoma, rash (morbilliform)
beta-carotene	nail color change (yellow), yellow skin coloration
bismuth	alopecia, hyperpigmentation (dermal), lichenoid, pigmentation (blue-black on gingival margin), pityriasiform
bleomycin	alopecia, anagen effluvium, flushing, hair color change, hair hyperpigmentation, hair pigment loss, hyperpigmentation, hyperpigmentation (linear), melanonychia, neutrophilic eccrine hidradenitis, pigmentation (blue), pruritus, radiation enhancement, Raynaud's d., sclerosis, scleroderma-like, stomatitis, TEN, urticaria
boric acid	alopecia
boron cyclophosphamide	anagen effluvium
brequinar sodium	hyperpigmentation, phototoxic drug eruption
bromides	bullous eruption, erythema nodosum, PG, pustular eruption, vesiculobullous
bromine	panniculitis
bromocriptine	alopecia, erythromelalgia, erythromelalgia, flushing, hypertrichosis
busulfan	alopecia (permanent in high dose), EM, erythema nodosum, hyperpigmentation, hyperpigmentation (mucosal), PCT, urticaria, vasculitis (leukocytoclastic)
butorphanol	pruritus
butyl nitrite	flushing
butyrophenones	ichthyosiform
calcium channel blockers	exanthematous eruption, exfoliative dermatitis, pseudolymphoma, urticaria
capsaicin	flushing
captopril	erythroderma, exanthematous eruption, exfoliative dermatitis, LE, lichenoid, linear IgA d., pemphigoid, pemphigus foliaceus, pityriasiform, psoriasis, pruritus, vesiculobullous

carbamazepine	eczema, EM, exanthematous eruption, exfoliative dermatitis, LE, lichenoid, pustular eruption, TEN
carbamides	purpura
carbidopa	scleroderma-like
carbimazole	alopecia
carboplatin	flushing, urticaria
carmustine	alopecia, flushing, hyperpigmentation, telangiectasia
cathaxanthin	pigmentation (yellow)
cefaclor	pustular eruption, serum sickness-like
cefamandole	linear IgA d.
cefazolin	intertrigo
cefoxitin	exfoliative dermatitis
cephalexin	acute paronychia
cephalosporins	EM, exfoliative dermatitis, pruritus, serum sickness-like vasculitis, TEN, urticaria
chemotherapeutic agents	acral erythema, alopecia, urticaria, vesiculobullous
chloral hydrate	eczema
chlorambucil	alopecia, EM, neutrophilic eccrine hidradenitis, porphyria (acute intermittent), TEN, urticaria
chloramphenicol	alopecia, exanthematous eruption, onycholysis, pellagra-like, TEN, urticaria
chlordiazepoxide	fixed drug eruption, LE
chloroquine	EAC, exanthem, exfoliative dermatitis, hair pigment loss, lens opacities, lichenoid, photosensitivity, phototoxic drug eruption, pigmentation (blue-gray), PCT, pruritus, psoriasis, purpura
chlorothiazide	purpuric eruption, vasculitis
chlorothiazide	purpura
chlorpromazine	exfoliative dermatitis, LE, lens opacities, nail color change (blue), pigmentation (gray), phototoxic drug eruption, pigmentation (gray), purpuric eruption, rash (morbilliform)
chlorpropamide	exfoliative dermatitis, pruritus, TEN
chlortetracycline	histamine release, onycholysis
chlorthalidone	LE, psoriasis
cholinergic drugs	flushing
chromium salts	nail color change (yellow)
cimetidine	alopecia, EAC, EM, exfoliative dermatitis, ichthyosiform, LE, seborrheic dermatitis, SLE, urticaria, vasculitis (leukocytoclastic)
ciprofloxacin	EM, fixed drug eruption, TEN
cisplatin	acral erythema, allergic contact dermatitis, exanthematous eruption, exfoliative dermatitis, flushing, hair color change, hyperpigmentation, hyperpigmentation (mucosal), porphyria, urticaria
cladribine	TEN
clindamycin	intertrigo, vasculitis (leukocytoclastic)
clofazimine	erythroderma, exfoliative dermatitis, ichthyosiform
clofibrate	LE
clomiphene	alopecia
clonidine	pityriasiform, pruritus, psoriasis, Raynaud's d.
cocaine	pruritus
codeine	erythema multiforme, exfoliative dermatitis, histamine release, psoriasis
colchicine	alopecia, pruritus
colistin	pruritus
color film processors	lichenoid eruption
corticosteroids	acanthosis nigricans, acneiform eruption, hirsutism, hypertrichosis, striae, vasculitis (leukocytoclastic)
corticotropin	urticaria
coumadin	chilblains-like erythema, pruritus, purpura

curare	urticaria
cyanamide	Raynaud's d.
cyanocobalamin (Vitamin B12)	acneiform eruption
cyclohexylamines	scleroderma-like
cyclophosphamide	acral erythema, alopecia, EM, flushing, hair color change, hair hyperpigmentation, hyperpigmentation, hyperpigmentation (mucosal), hyperpigmentation (palms & soles), melanonychia, neutrophilic eccrine hidradenitis, PCT, porphyria (acute intermittent), stomatitis, urticaria, vasculitis (leukocytoclastic)
cyclosporine	acneiform eruption, flushing, gingival hyperplasia, hirsutism, hypertrichosis, linear IgA d., psoriasis, rosacea
cyproterone acetate	flushing
cytarabine	acral erythema, alopecia, neutrophilic eccrine hidradenitis, stomatitis, TEN, urticaria, vasculitis (leukocytoclastic)
cytosine arabinoside	acral erythema
dacarbazine	alopecia, fixed drug eruption, flushing, phototoxic drug eruption, radiation photosensitivity
dactinomycin	acneiform eruption, alopecia, folliculitis, hyperpigmentation, phototoxic drug eruption, radiation enhancement, radiation recall, stomatitis
danazol	erythema multiforme, hypertrichosis
dapsone	Beau's lines, exfoliative dermatitis, fixed drug eruption, hemolysis, lichenoid, methemoglobinemia, porphyria cutanea tarda, rash (morbilliform), TEN
daunorubicin	acral erythema, allergic contact dermatitis, alopecia, folliculitis, hair hyperpigmentation, hyperpigmentation, stomatitis, urticaria
demeclocycline	lichenoid
desipramine	exfoliative dermatitis
detoconazole	melanonychia
dexamethasone	pruritus
dextran	urticaria
dextromethorphan	fixed drug eruption
diazacholesterol	ichthyosiform
diaziquone	urticaria
diazoxide	alopecia, hirsutism, hypertrichosis, pruritus, rosacea
diclofenac	dermatomyositis-like, linear IgA d.
dicloxacillin	TEN
didemnin B	flushing, urticaria
diethylstilbestrol	acanthosis nigricans, erythema multiforme, erythema nodosum, flushing, hirsutism, LE, PCT, urticaria
diflunisal	exanthem, fixed drug eruption
digoxin	hypertrichosis, psoriasis
dilantin	acneiform eruption, alopecia, exanthem, hirsutism, pseudolymphoma, exanthematous eruption, LE, pseudolymphoma, serum sickness-like, SLE, TEN
diltiazem	exanthematous eruption, exfoliative dermatitis, flushing, gingival hyperplasia, vasculitis (leukocytoclastic)
dimercaprol	exfoliative dermatitis
dinitrophenol	nail color change (yellow)
diphenhydramine	fixed drug eruption
diphenoxylate	pruritus
diphenylhydantoin	erythema multiforme, hypertrichosis
dipyridamole	rosacea, vesiculobullous
disulfiram	eczema, TEN
diuretics	eczema
dixyrazine	ichthyosiform

DNCB	nail color change (yellow)
dobutamine	pruritus
docetaxel	acral erythema, flushing, hyperpigmentation, scleroderma-like, urticaria
doxifluridine	acral erythema
doxorubicin	acral erythema, allergic contact dermatitis, alopecia, cellulitis, flushing, hair hyperpigmentation, hyperpigmentation, hyperpigmentation (mucosal), hyperpigmentation (palms & soles), neutrophilic eccrine hidradenitis, onycholysis, phototoxic drug eruption, radiation enhancement, radiation recall, TEN, urticaria (localized)
doxorubicin	hyperpigmentation, phototoxic drug eruption, radiation enhancement, radiation recall
doxycycline	onycholysis, phototoxic drug eruption, TEN
dyazide	hypertrichosis
dyrazine	ichthyosiform
edatrexate	stomatitis
enalapril	pruritus
epirubicin	alopecia, stomatitis, urticaria (localized)
ergocalciferol	ichthyosiform
ergotamine	Raynaud's d., ulcer
erythromycin	exanthematous eruption, fixed drug eruption, Henoch-Schönlein purpura, pruritus, pustular eruption, rash (morbilliform), TEN
erythropoietin	hypertrichosis
estrogen	acanthosis nigricans, EAC, erythema nodosum, histamine release, hyperpigmentation (melasma-like), hypertrichosis, porphyria cutanea tarda, pruritus, spider nevus
ethambutol	acneiform eruption
ethionamide	acneiform eruption, alopecia
ethosuximide	LE
EtOH	histamine release, porphyria cutanea tarda, Raynaud's d., rosacea
etoposide	acral erythema, alopecia, erythema multiforme, flushing, Raynaud's d., urticaria
etretinate	erythroderma, pili torti, pruritus, psoriasis
fansidar	TEN
fenbufen	erythroderma
fenoterol	hypertrichosis
fentanyl	pruritus
fiorinol	fixed drug eruption
floxuridine	acral erythema, stomatitis
fluorescein	nail color change (yellow)
fluorobutyphenone	alopecia
fluoroquinolones	fixed drug eruption, photosensitivity
fluorouracil	acral erythema, allergic contact dermatitis, alopecia, BP, cellulitis, eczema, flushing, folliculitis, hyperpigmentation, hyperpigmentation (mucosal), pellagra-like, photosensitivity, phototoxic drug eruption, radiation enhancement, radiation photosensitivity, stomatitis, TEN, urticaria
fluoxetine	urticaria
fluoxymesterone	acneiform eruption, furuncle, hirsutism
flutamide	flushing
fotemustine	hyperpigmentation
furosemide	RM, lichenoid, pemphigoid (bullous), phototoxic drug eruption, PCT, pruritus, pseudoporphyria, vesiculobullous
G-CSF	pyoderma gangrenosum, Sweet's s.
gentamicin	alopecia, erythroderma, exanthematous eruption, rash (morbilliform)
glibenclamid	linear IgA d.
glucocorticoids	acanthosis nigricans
glucophage	linear IgA d. (?)

glutamate	rosacea
glutethimide	erythema multiforme
GM-CSF	erythroderma, exanthematous eruption, PG, Sweet's s.
gold	eczema, erythema nodosum, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, hyperpigmentation (dermal), LE, lichenoid, pityriasiform, psoriasis, purpuric eruption, seborrheic dermatitis, SCLE, TEN, vasculitis (leukocytoclastic)
gold salts	exfoliative dermatitis, exanthematous eruption, keratoderma, lichenoid eruption, pityriasis rosea-like eruption, rash (morbilliform)
griseofulvin	exfoliative dermatitis, erythema multiforme, LE, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, pityriasiform, porphyria cutanea tarda, purpuric eruption, rash (morbilliform), SCLE, TEN, urticaria, vasculitis (leukocytoclastic), vesiculobullous
halides	bullous eruption, pustular eruption
halofantrine	pruritus
halogens (<i>see each also</i>)	acneiform eruption, erythema nodosum, TEN
haloperidol	acneiform eruption, hair pigment loss
HCTZ	ichthyosiform, phototoxic drug eruption, pruritus
heavy metals	alopecia, Raynaud's d.
heparin	petechiae, pruritus, purpura, vasculitis (leukocytoclastic)
heroin	fixed drug eruption, pemphigus foliaceus, pruritus
hexachlorobenzene	hirsutism, porphyria cutanea tarda
hexamethylene bisacetamide	vasculitis (leukocytoclastic)
HMG-CoA reductase inhibitors	eczema
hydantoin	acanthosis nigricans, alopecia, cutaneous small vessel vasculitis, EM, exanthematous eruption, exfoliative dermatitis, hypertrichosis, LE, TEN, urticaria, vasculitis (leukocytoclastic)
hydralazine	rosacea, SLE, urticaria, vasculitis (leukocytoclastic)
hydroquinone	ochronosis
hydroxychloroquine	exfoliative dermatitis, porphyria cutanea tarda
hydroxyurea	acral erythema, alopecia, dermatomyositis-like (long term), erythema multiforme, fixed drug eruption, hyperpigmentation, hyperpigmentation (mucosal), LE, lichenoid, phototoxic drug eruption, stomatitis, telangiectasia, ulcers (leg), vasculitis (leukocytoclastic)
hypnotics	xerostomia
hypocholesterolemics	alopecia
hypoglycemics	eczema, exanthematous eruption, lichenoid, photoallergic drug reaction, TEN
ibuprofen	fixed drug eruption, psoriasis
idarubicin	acral erythema, alopecia, stomatitis, urticaria (localized)
ifosfamide	alopecia, hyperpigmentation
imipenam	pustular eruption
imipramine	exfoliative dermatitis, pruritus, TEN, urticaria
indomethacin	alopecia, psoriasis, urticaria, vasculitis (leukocytoclastic)
insulin	acanthosis nigricans, cutaneous small vessel vasculitis, keloid, lipatrophy, urticaria, vasculitis (leukocytoclastic)
interferon	alopecia, flushing, linear IgA d., psoriasis
interleukins	linear IgA d., psoriasis
iodides	bullous eruption, dermatitis herpetiformis (worsens), exfoliative dermatitis, PG, purpuric eruption, pustular eruption, rosacea, vasculitis (leukocytoclastic), vesiculobullous
iodine	linear IgA d., panniculitis, psoriasis
irinotecan	alopecia
iron	hyperpigmentation (dermal)

isoniazid (INH)	acanthosis nigricans, acneiform eruption , cutis laxa, exanthematous eruption, exfoliative dermatitis, lichenoid, LE, pellagra-like, pityriasiform, rash (morbilliform), striae
isoprel	rosacea
isordil	rosacea
isotretinoin	erythema nodosum, exfoliative dermatitis, pili torti, pityriasiform, pruritus, PG, pyogenic granuloma, xanthomas (eruptive)
ketoconazole	erythroderma, melanonychia, nail color change (blue), pruritus, vasculitis (leukocytoclastic)
ketoprofen	pityriasiform
lead	hyperpigmentation (dermal)
leuprolide	flushing, LE
levamisole	lichenoid, vasculitis (leukocytoclastic)
levodopa	alopecia, LE, pemphigus foliaceus
lithium	acneiform eruption, erythema multiforme, exanthematous eruption, exfoliative dermatitis, LE, lichenoid, linear IgA d., pseudolymphoma, psoriasis
lomefloxacin	photosensitivity, pruritus
lomustine	acral erythema, flushing, neutrophilic eccrine hidradenitis
lovastatin	LE
mechlorethamine	alopecia, erythema multiforme (IV), stomatitis
mechlorethamine	allergic contact dermatitis, hyperpigmentation, urticaria
meclofenamate	rash
medroxyprogesterone	acneiform eruption
mefloquine	exfoliative dermatitis
mellaril	vesiculobullous
melphalan	acral erythema, alopecia, hair hyperpigmentation, urticaria
mepidine	histamine release
mephenesin	hair pigment loss
mephenytoin	hyperpigmentation (melasma-like)
meprobamate	fixed drug eruption
meprobamate	eczema
mercaptapurine	acral erythema, pellagra-like, stomatitis, vasculitis (leukocytoclastic)
mercury	acrodynia, bullous eruption, eczema, exfoliative dermatitis, hyperpigmentation (dermal), nail color change (blue), vesiculobullous
mesna	urticaria
methazolamide	exanthematous eruption
methotrexate	accelerated rheumatoid nodule development, acral erythema, alopecia, erythema multiforme, erythroderma, exfoliative dermatitis, folliculitis, furuncle, hair color change, hyperpigmentation, photosensitivity, phototoxic drug eruption, porphyria cutanea tarda, purpura, radiation enhancement, reactivation of ultraviolet light induced erythema, stomatitis, TEN, ulcers (leg), urticaria, UV recall, vasculitis (leukocytoclastic)
methoxsalen	psoriasis
methoxypromazine	pityriasiform
methyl testosterone	acanthosis nigricans
methyl dopa	alopecia, black hairy tongue, lichenoid, seborrheic dermatitis, SLE
methylphenidate	delusion of parasitosis
methysergide	LE, pigmentation (red), Raynaud's d.
metoclopramide	flushing
metoprolol	alopecia
metronidazole	fixed drug eruption, intertrigo, pityriasiform, pruritus
metyrapone	hypertrichosis
miconazole	pruritus
minipress	TEN
minocycline	exfoliative dermatitis, fixed drug eruption, hyperpigmentation (dermal), melanonychia,

	onycholysis, pigmentation (blue, brown, gray), Sweet's s.
minoxidil	eczema, erythema multiforme, erythroderma, hirsutism, hypertrichosis
mithramycin	cellulitis, flushing, stomatitis, TEN
mitomycin	acral erythema, allergic contact dermatitis, alopecia, erythema multiforme, phototoxic drug eruption, radiation photosensitivity, stomatitis, urticaria
mitotane	acral erythema, erythema multiforme, urticaria
mitoxantrone	acral erythema, alopecia, hyperpigmentation, neutrophilic eccrine hidradenitis, urticaria, vasculitis (leukocytoclastic)
morphine	flushing, histamine release, pruritus, psoriasis
musk ambrette	persistent light reaction, photoallergic drug reaction
nafoxidine	hair pigment loss
naftizone	pruritus
nalidixic acid	photosensitivity, phototoxic drug eruption, PCT, pseudoporphyria, vesiculobullous
naproxen	fixed drug eruption, phototoxic drug eruption, porphyria cutanea tarda
neomycin	contact dermatitis, eczema, exfoliative dermatitis
neuroleptics	seborrheic dermatitis
niacin	flushing, pruritus
niacinamide	acanthosis nigricans
nicardipine	erythermalgia
nickel	ear lobe dermatitis, pompholyx
nicotinic acid	acanthosis nigricans, flushing, ichthyosiform, rosacea
nifedipine	erythermalgia, erythromelalgia, exfoliative dermatitis, flushing, gingival hyperplasia, pemphigus foliaceus, pustular eruption, telangiectasia, vasculitis (leukocytoclastic)
nitrate	rosacea
nitrofurantoin	exanthematous eruption, exfoliative dermatitis, LE, TEN
norfloxacin	fixed drug eruption
NSAIDs	alopecia, erythema multiforme, exanthematous eruption, fixed drug eruption, erythema multiforme, histamine release, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, pityriasiform, pruritus, pseudolymphoma, psoriasis, purpura, thrombocytopenic purpura, TEN, urticaria, vasculitis (leukocytoclastic), vesiculobullous
nystatin	eczema, erythroderma, fixed drug eruption
OCPs (oral contraceptive pills)	acanthosis nigricans, acneiform eruption, acrodermatitis enteropathica, alopecia, androgenetic alopecia, chloasma, cutaneous small vessel vasculitis, erythema nodosum, fixed drug eruption, Fox-Fordyce d., herpes gestationis, hyperpigmentation (dermal), melasma, monilethrix (improves), photoallergic drug reaction, pigmentation (brown), PCT, progressive mesangiocapillary glomerulonephritis of partial lipodystrophy, pruritus, spider nevus, subacute nodular migratory panniculitis, Raynaud's d., SLE, Sweet's s., telangiectasia, telogen effluvium (upon stopping), vasculitis (leukocytoclastic), zinc deficiency
opiates	fixed drug eruption, flushing, urticaria
organic solvents	POEMS s., sclerodermatous changes
oxadiazolopyrimidine	hypertrichosis
oxicam derivatives	TEN
oxyphenbutazone	erythema multiforme, fixed drug eruption
oxytetracycline	erythroderma
PABA esters	photoallergic drug reaction, phototoxic drug eruption
paclitaxel	acral erythema, alopecia, EM, fixed drug eruption (bullous), flushing, stomatitis, urticaria
papaverine	rosacea
paracetamol	exfoliative dermatitis, fixed drug eruption
paraphenylenediamine	lichenoid
penicillamine	anetoderma, cutis laxa, dermatomyositis-like, DLE, elastosis perforans serpiginosa, erythema multiforme, hirsutism, hypertrichosis, LE, lichenoid, morphea, nail color change (yellow), onychoschizia, pemphigus foliaceus, pemphigus vulgaris, pemphigoid, psoriasis, SCLE,

	scleroderma-like, TEN, vesiculobullous
penicillin	black hairy tongue, bullous eruption, bullous pemphigoid, cutaneous small vessel vasculitis, eczema, erythema annulare centrifugum, EM, erythema nodosum, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, Henoch-Schönlein purpura, linear IgA d., panniculitis, pemphigus foliaceus, pemphigus vulgaris, pemphigoid, pityriasiform, pustular eruption, rash, serum sickness-like vasculitis, serum sickness-like, serum sickness vasculitis, SLE, TEN, urticaria, vasculitis (leukocytoclastic), vesiculobullous
pergolide	erythromelalgia
phenacetin	erythema nodosum, fixed drug eruption, panniculitis, pemphigoid
phenazopyridine	pigmentation (yellow)
phenelzine	delusion of parasitosis
phenindione	chilblains-like erythema, exfoliative dermatitis
phenobarbital	acneiform eruption, bullous eruption, erythema multiforme, erythroderma, exfoliative dermatitis, pemphigus foliaceus, TEN
phenol	ochronosis
phenolphthalein	erythema multiforme, bullous eruption, fixed drug eruption, TEN, urticaria, vesiculobullous
phenothiazines	cutaneous small vessel vasculitis, eczema, erythema multiforme, exanthematous eruption, exfoliative dermatitis, hyperpigmentation (dermal), hypertrichosis, LE, lichenoid, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, pruritus, pseudolymphoma, purpura, rash (morbilliform), seborrheic dermatitis, thrombocytopenic purpura, urticaria, vasculitis (leukocytoclastic)
phenylbutazone	cutaneous small vessel vasculitis, erythema multiforme, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, LE, pemphigus foliaceus, purpuric eruption, rash, TEN, urticaria, vasculitis (leukocytoclastic)
phenytoin	acneiform eruption, erythema multiforme, exanthematous eruption, exfoliative dermatitis, gingival hyperplasia, hirsutism, hyperpigmentation, hyperpigmentation (melasma-like), hypertrichosis, hypopigmentation, LE, lichenoid, linear IgA d., pigmentation (brown), pseudolymphoma, TEN, vasculitis, vesiculobullous
pindolol	psoriasis
piroxicam psoralens	alopecia, fixed drug eruption, leukopenia, pemphigus foliaceus, phototoxic drug eruption, rash, SCLE
pituitary extract	acanthosis nigricans
plaquenil	erythema annulare centrifugum, pigmentation (blue-black), psoriasis (exacerbation)
plicamycin	flushing, hyperpigmentation, TEN
polymyxin antibiotics	histamine release, pruritus, urticaria
polyvinylchloride	sclerosis
porphyrins	phototoxic drug eruption
potassium thiocyanates	alopecia
practolol	dermatomyositis-like, psoriasis
prazosin	erythema multiforme
probenecid	pruritus
procainamide	eczema, SCLE, SLE, urticaria, vasculitis (leukocytoclastic)
procarbazine	fixed drug eruption, flushing, hyperpigmentation, hyperpigmentation (palms & soles), phototoxic drug eruption, stomatitis, TEN, urticaria
progesterone	erythema annulare centrifugum, hypertrichosis, pruritus
propranolol	alopecia, lichenoid, pemphigus foliaceus, psoriasis
propylthiouracil	vasculitis (leukocytoclastic)
psoralen	acneiform eruption, hypertrichosis, melanonychia, pemphigoid, phototoxic drug eruption
PUVA	bullous pemphigoid, vesiculobullous
pyrazolon derivatives	exfoliative dermatitis
pyribenzamine	pityriasiform
pyridoxine	porphyria cutanea tarda

pyrimethamine	lichenoid
pyritinol	erythema multiforme, panniculitis, pemphigus foliaceus
quaalude	fixed drug eruption
quinacrine	alopecia, eczema, exfoliative dermatitis, ochronosis, pigmentation (yellow)
quinidine	eczema, erythroderma, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, Henoch-Schönlein purpura, LE, lichenoid, livedo reticularis, petechiae, phototoxic drug eruption, porphyria cutanea tarda, pruritus, psoriasis, purpuric eruption, pustular eruption, rash, thrombocytopenic purpura, urticaria, vasculitis (leukocytoclastic)
quinine	acneiform eruption, cutaneous small vessel vasculitis, fixed drug eruption, Henoch-Schönlein purpura, histamine release, lichenoid, livedo reticularis, petechiae, porphyria cutanea tarda, purpura, TEN, vasculitis (leukocytoclastic)
radiocontrast media	histamine release
reserpine	LE, rosacea
resorcinol	eczema, ochronosis
retinoids	alopecia, ichthyosiform, mucositis
rifampin	erythema multiforme, exfoliative dermatitis, flushing, pemphigus foliaceus, pemphigus vulgaris, porphyria cutanea tarda, TEN
salazopyrin	erythema multiforme
salicylanilides	persistent light reaction
salicylates	bullous eruption, erythema annulare centrifugum, erythema multiforme, erythema nodosum, fixed drug eruption, urticaria, vesiculobullous
scopolamine	histamine release
sedatives	purpura, purpura pigmentosa chronica, xerostomia
serum	vasculitis (leukocytoclastic)
silver	hyperpigmentation (dermal)
somatostatin	linear IgA d.
sotalol	vasculitis (leukocytoclastic)
spironolactone	hypertrichosis
steroids	pseudolymphoma
streptokinase	vasculitis (leukocytoclastic)
streptomycin	cutaneous small vessel vasculitis, eczema, EM, exanthematous eruption, exfoliative dermatitis, hypertrichosis, LE, lichenoid, rash, TEN, urticaria, vasculitis (leukocytoclastic)
sulfa	nail color change (blue), pemphigoid, serum sickness-like vasculitis
sulfadizine	exfoliative dermatitis
sulfanilamide	phototoxic drug eruption
sulfapyridine	pellagra-like
sulfasalazine	bullous pemphigoid, erythroderma
sulfathiazole	panniculitis
sulfonamides	cutaneous small vessel vasculitis, eczema, erythema multiforme, erythema nodosum, erythroderma, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, nail changes, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, pruritus, purpuric eruption, rash, serum sickness-like, SLE, TEN, urticaria, vasculitis (leukocytoclastic), vesiculobullous
sulfones	erythema nodosum
sulfonylureas	lichenoid eruption, erythema multiforme, erythema nodosum, exfoliative dermatitis, lichenoid, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, porphyria cutanea tarda, SCLE
sulindac	chilblains-like erythema, fixed drug eruption
suramin	acral erythema, erythema multiforme, flushing, papules (keratotic), pruritus, TEN, UV recall
tacrolimus	hypertrichosis
tamoxifen	cutaneous small vessel vasculitis, dermatomyositis-like, flushing, hair color change, hirsutism, vasculitis (leukocytoclastic)

tar	acneiform eruption, folliculitis, nail color change (yellow)
tartrazine	purpura
tegafur	acral erythema, dermatomyositis-like, hyperpigmentation, hyperpigmentation (mucosal), LE, lichenoid, phototoxic drug eruption, stomatitis
teniposide	alopecia, flushing, urticaria
terbutaline	exfoliative dermatitis
testosterone	alopecia, hypertrichosis, pruritus
tetracycline	black hairy tongue, candidiasis, EM, erythema nodosum, exanthematous eruption, fixed drug eruption, lichenoid, nail color change (yellow), onycholysis, photosensitivity, phototoxic drug eruption, PCT, pseudoporphyria, SLE, splinter hemorrhage, TEN, urticaria, vasculitis (leukocytoclastic)
thallium	alopecia, anagen effluvium
theophylline	rosacea
thiamin	histamine release
thiazides	cutaneous small vessel vasculitis, eczema, erythema nodosum, exanthematous eruption, exfoliative dermatitis, lichenoid, onycholysis, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, rash (morbilliform), purpura, SCLE, serum sickness-like vasculitis, thrombocytopenic purpura, vasculitis (leukocytoclastic), vesiculobullous
thiobendazole	TEN
thioguanine	stomatitis
thiol derivatives	pemphigoid
thiopronine	elastosis perforans serpiginosa, pemphigus vulgaris
thioridazine	vesiculobullous
thiotepa	alopecia, hyperpigmentation, urticaria
thiouracil	alopecia, anagen effluvium, rash, SLE, vasculitis
thyroid hormones	hypertrichosis
thyrotropin-releasing hormone	flushing
timolol	erythroderma
tobacco	Raynaud's d.
tolbutamide	phototoxic drug eruption, pruritus
tolmetin	fixed drug eruption
tomudex	stomatitis
topotecan	alopecia, stomatitis
trazodone	exanthematous eruption, exfoliative dermatitis, urticaria
triazinate	acanthosis nigricans
tricyclic antidepressants	xerostomia
trimethadione	acneiform eruption, alopecia, erythema multiforme, SLE
trimethoprim	erythema multiforme, urticaria
trimethoprim/sulfadoxine	TEN
trimethoprim-sulfamethoxazole	erythema multiforme, erythroderma, exanthematous eruption, exfoliative dermatitis, fixed drug eruption, leukocytoclastic vasculitis, linear IgA d., rash, TEN, urticaria
trimetrexate	flushing, urticaria
triparanol	alopecia, ichthyosiform
tripelennamine	pityriasiform
tryptophan	dermatomyositis-like, eosinophilic fasciitis (contaminated), sclerosis
vaccines	erythema nodosum, vasculitis (influenza)
valproic acid	alopecia, scleroderma-like, TEN
vancomycin	exfoliative dermatitis, histamine release, linear IgA d., "red man" s., TEN, vasculitis (leukocytoclastic)
vasodilators	rosacea
verapamil	erythralgia, flushing, gingival hyperplasia

vigabatrin	linear IgA d.
vinblastine	acneiform eruption, alopecia, photoallergic drug reaction, photosensitivity, phototoxic drug eruption, stomatitis
vincristine	acral erythema, alopecia, Raynaud's d., stomatitis, urticaria
vindesine	alopecia
vinorelbine	alopecia, hyperpigmentation
vinyl chloride	Raynaud's d., scleroderma-like
vitamin A	alopecia
vitamin B complex	pruritus
vitamin B12 (cyanocobalamin)	acneiform eruption
vitamin K (IM)	sclerosis
vitamins	vasculitis (leukocytoclastic)
zidovudine	exfoliative dermatitis, longitudinal pigmented nail streaks, hyperpigmentation (nail), hyperpigmentation (linear)
zinostatin	urticaria
